

Cancer information and support survey

Healthwatch Bromley is your local health and social care champion, working to enable the voices of people who live and work in Bromley to shape and improve local health and care services. We are currently asking people living with or beyond cancer, their families, friends and unpaid carers, to tell us about their experience of cancer information and support services by completing a survey.

Whether you've had a good or bad experience, we can use your feedback to improve services for everyone.

We have the power to make NHS leaders and other care providers listen to what you have to say. We're completely independent and impartial and anything you say is anonymised.

The survey takes no more than 10 minutes.

To complete the survey visit
