

Safer Bromley Strategy 2024-27

Karen Proudfoot

Programme Manager

LB Bromley

Safer Bromley Partnership

The multi-agency strategic approach is built on the premise that no single agency can deal with, or be responsible for dealing with, complex community safety issues, and that these issues can be addressed more effectively and efficiently through working in partnership.

Statutory agencies of the Partnership are:

- Council
- Police
- Fire Brigade
- Probation Service
- Health

* Community Safety Partnerships were introduced by Section 6 of the [Crime and Disorder Act 1998](#).

Safer Bromley Strategy 24-27 – Priorities

PREVENTION

Build resilient communities by delivering a comprehensive crime prevention programme to improve safety.

PEOPLE

Protect people by delivering targeted early intervention to people who are at high risk of being impacted or affected by crime.

PLACES

Be stronger together by designing and delivering targeted crime and disorder reduction measures in collaboration with communities in areas with the highest levels of reported crime and disorder.

Safer Bromley Strategy 24-27 – Principles

- a) Enhancing knowledge and understanding of crime and anti-social behaviour through better information sharing, so we may address the human, social and environmental factors that drive offending; the interventions likely to have a positive impact; and the ways we may work with communities to prevent and combat the negative drivers.
- b) Collaborating across agency and sector boundaries to plan, commission and jointly deliver to improve efficiencies for the benefit of the Bromley community.
- c) Ensuring victims and communities are central to the development, commissioning, and delivery of services.
- d) Being committed to developing a partnership that embraces equality, diversity, and inclusivity.
- e) Ensuring community safety issues are mainstreamed into corporate policies, procedures, and practices.
- f) Operating a robust performance management framework to measure what works and how to be more effective.
- g) Ensuring that safeguarding is and remains everyone's responsibility.

Safer Bromley Strategy 24-27 – Priorities

PREVENTION

Build resilient communities by delivering a comprehensive crime prevention programme to improve safety.

- Develop the data processes of all agencies to fill the knowledge gaps identified in the Strategic Assessment to inform activity can be focused to those people and areas of most need.
- Explore the development of a volunteer Community Crime Prevention Panel.
- Develop sustainable training for SBP organisations and Members.
- Develop and deliver focused crime prevention campaigns.

Safer Bromley Strategy 24-27 – Priorities

PEOPLE

Protect people by delivering targeted early intervention to people who are at high risk of being impacted or affected by crime.

- Ensure front line staff, particularly those who engage with children, have training to identify people who may be at risk of domestic abuse, exploitation and radicalisation and can access information about support and referrals.
- Ensure that positive requirement to attend treatment are added to any enforcement action, such as Community Protection Notices, where substance misuse is identified as a causal or contributory factor.
- Explore opportunities to support the Youth Justice Service to deliver youth diversionary and intervention activities.
- Raise the awareness of professionals, families and the community about the risks of exploitation and the action to take when they identify a risk.
- Ensure that all partners are aware of the Prevent referral process.

Safer Bromley Strategy 24-27 – Priorities

PLACES

Be stronger together by designing and delivering targeted crime and disorder reduction measures in collaboration with communities in areas with the highest levels of reported crime and disorder.

- Promote and encourage membership to Neighbourhood Watch and Online Watch.
- Develop a programme of activity for Community Payback to deliver within the community, and develop opportunities for offenders.
- Identify opportunities for staff from different services and agencies to patrol locations together to show unity and coordination and, where appropriate, increase capacity.
- Work with local retailers and Business Improvement Districts to develop business crime prevention initiatives.
- Deliver high visibility operations at key transport locations.
