

## **– Simply Connect Bromley – Connecting you to your local community.**

**Come along to our information sessions where you will find out all you need to know about our Voluntary Sector directory. Learn how to navigate through the site and the benefits it can bring to your organisation/community group!**

**Shine a light on the indispensable work you do for your community and let our directory promote your services to the people and the health & social care professionals of Bromley.**

At Community Links Bromley we are working hard to update and expand our directory, so that it reflects the sheer variety of services being offered in our area. The Project, funded by Bromley Council, is part of a wider programme of integrated care and health.

The activities and services you provide may already be listed on [Simply Connect Bromley](#) or if not, you may want them added. Whether you need to update or register your services for the first time, all you need to do is fill in an electronic form: <https://forms.office.com/r/3ms24Hkmi8>

### **What the future holds**

We would also like explore with you the ability in the future to add and update your own services/activities. Or the possibility to receive referrals via the site from Link Workers and other professionals on behalf of the people they support.

If an individual was to be referred into your services, you would receive an email notification to let you know - you would then just need to log-in to your account to access their details. This would be a useful way of measuring the impact of your service and the possible outcomes, not to mention your organisation's capacity and sustainability.

### **Find out more at our Information Sessions**

These are short online sessions (approx. 1 hr long) where you can find out more about the directory and ask any questions you may have:

- Tuesday 16<sup>th</sup> Nov 10.00am
- Wednesday 24<sup>th</sup> Nov 1.30pm
