

Health and Wellbeing Transformation Project

Year 2 Impact Summary

A snapshot of the activities, impact and system change achieved in year 2 of the Health and Wellbeing Transformation project, across the across the 5 partner CVS's – Community Links Bromley, Enfield CVS, Metro GAVS, Hackney CVS & Merton CVS.

Enfield CVS

18 health champions trained

15 VCS organisations capacity strengthened allowing sustainable & more effective delivery of services

70 VCS organisations able to register on digital directory

VCS now has a voice at the table in terms of discussing local health needs

Capacity building support given to 15 VCS orgs

Metro GAVS

Mental health service users now have a say in the way services are delivered

Local authority is seeking to implement all of the main recommendations from user engagement report

Hackney CVS

2 VCS assemblies held, attended by:
- 114 VCS organisations
- 34 statutory agencies

£750k secured in PHE funding to help with Covid response

Strengthening of PCN / VCSE relationship will mean PCN more likely to subcontract / commission work from VCSE

More PCN's to prioritise 'hearing from' under represented communities

Merton CVS

£165k secured to engage with 11 BAME organisations to support work to improve community engagement with NHS

Communications strategies and messaging now co-developed through engaging user voice

Community Links Bromley

17 organisations trained in social value

Raised awareness of social value and how to report it.

8 organisations are using our social value template to review their social impact

1 organisation has developed its own social value report

Engaging with strategic officers within Procurement, building common understanding of VCS social impact & service delivery
